

Article number: 1036.01

- Weight*: approx. 28.0 kg
- Dimensions*: 1275 x 530 x 1045 mm (b x h x w)
- Wheel diameter*: 260 mm

Delphin Alto II is the first model from our Delphin series with 2 castor wheels. Its sturdy square tube construction makes it the ideal picking cart for harvesting strawberries or other bush berries. Delphin Alto II is equipped with easily accessible handles. It features two tiers holding 3 to 4 boxes which can be stacked without slipping. The top edge of the upper attachable basket is at 915 mm. The rack cart is equipped with two castor wheels. Thanks to its large, puncture-proof slide-bearing wheels, it provides excellent weight balance. The Delphin Alto II picking cart can be used for harvesting crops in greenhouses, tunnels, or rack systems.

Highlights

- ✓ Tyres: PU wheels, puncture-proof
- ✓ Box size: 600 x 400 mm or 400 x 300 mm
- ✓ Height specially adapted for strawberry rack
- ✓ Provides staff economy
- ✓ Gauge 385 mm
- ✓ Sturdy square tube construction
