

### Article number: 1036.03

- Weight\*: approx. 20.5 kg
- Dimensions\*: 1275 x 530 x 1045 mm(b x h x w)
- Wheel diameter\*: 260 mm

Delphin Duo is the first model from our Delphin series with an oblique tier. Its sturdy square tube construction makes it the ideal picking cart for harvesting strawberries or other bush berries. Delphin Duo is equipped with easily accessible handles. It features two tiers holding boxes which can be stacked without slipping. Thanks to its large, puncture-proof wheels with roller bearings, it provides excellent weight balance.

The Delphin Duo picking cart is suitable for harvesting crops in greenhouses, tunnels, or rack systems. The durable weather-protected surface contributes to the longevity of the material.

**Made in Germany**

\*Production-related tolerances are possible in the specified data, weights and dimensions. No legally binding assurances of specific properties can be derived from this information. Errors and omissions excepted.

Suitable for the following crops::

Strawberries

### Highlights

- ✓ Tyres: PU wheels, puncture-proof
- ✓ Box size: 600 x 400 mm or 400 x 300 mm
- ✓ Height specially adapted for strawberry rack
- ✓ Provides staff economy
- ✓ Gauge 385 mm
- ✓ Sturdy square tube construction
- ✓ Storage tier for stackable boxes
- ✓ Galvanised
