

Article number: 1001

-  Weight*: approx. 3.50 kg
-  Dimensions*: 1030 x 430 x 350 mm (b x h x w)
-  Wheel diameter*: 125 mm

Delphin I is the initial model from our Delphin series. Its light-weight but sturdy round iron construction makes it the ideal picking cart for strawberry harvesting. Delphin I is equipped with easily accessible handles. It can be used to stack 2 boxes without slipping. Thanks to its wheels with roller bearings, it provides excellent weight balance. The Delphin I picking cart is suitable for harvesting strawberries and other crops. It has a bucket holder at the rear. The durable weather-protected surface contributes to the longevity of the material. Galvanised version.

Highlights

- ✓ User-friendly
- ✓ Better sorting and waste disposal
- ✓ Fitting box size:
e.g.: 1 x 600 x 400 mm, 2 x 400 x 300 mm
- ✓ Puncture-proof wheels made of polyamide hard castor
- ✓ Provides staff economy and efficiency
- ✓ Optimal for strawberry harvesting
- ✓ Gauge 105 mm
- ✓ Galvanised
