Delphin II-200 is a model from our Delphin series. Its light-weight but sturdy round iron construction makes it the ideal picking cart for strawberry harvesting. Delphin II-200 is equipped with easily accessible handles. It can be used to stack 2 boxes without slipping. Thanks to its wheels with roller bearings, it provides excellent weight balance. The Delphin II-200 picking cart is suitable for harvesting strawberries and other crops. It has a bucket holder at the front. The durable weather-protected surface contributes to the longevity of the material. Galvanised version.
