Fruit

 **Made in Germany**

Euro standard container:

All plastic crates for fruit and vegetables are made of food-safe HDPE and are specially adapted to the requirements of fresh produce logistics. The perforated containers are designed in such a way that air can circulate ideally and the goods thus remain fresh for longer. The fruit and vegetable containers are available in different heights, depending on the type of fruit or vegetable as flat crates, half-height crates or high crates. Openwork side and base.
