Muli I Front Solo from the trusted Muli I cart series can be used to transport harvests of various crops.

Due to its stable angular construction, it is recommended particularly for asparagus harvest transport.

Muli I Front Solo features an easily accessible bolted handle.

It can be used to stack various boxes without slipping. The profiled wheels are excellently suited to the edges of asparagus fields. Thanks to its large, puncture-proof slide-bearing wheels, it provides excellent weight balance. The Muli I Front Solo picking cart is suitable for harvesting asparagus or other crops.

The durable weather-protected surface contributes to the longevity of the material.

Galvanised according to DIN EN ISO 1461.

*Production-related tolerances are possible in the specified data, weights and dimensions. No legally binding assurances of specific properties can be derived from this information. Errors and omissions excepted.
