

Article number: 1059

- Weight*: approx. 30 kg
- Dimensions*: 1230 x 630 x 1540 mm (b x h x w)
- Wheel diameter*: 260 mm

The platform roller is the perfect alternative to the stepladder. With the plugged-in railing (accessory art. no. 1059.01) it offers an increased sense of safety.

The platform height is approx. 630 mm and has a standing area of approx. 740 x 400 mm.

Due to its sturdy construction it is absolutely stable. The practical handle makes it easy to position and adjust. The platform roller is ideal for overhead work. Due to its large working platform it offers greater freedom of movement and is more suitable than conventional ladders. This makes it easier to work at heights for longer periods of time.

Galvanised version.

Highlights

- ✓ User-friendly
- ✓ Plugged-in railing
- ✓ Foldable handle for moving
- ✓ Puncture-proof wheels made of polyamide hard castor
- ✓ Platform height 630 mm
- ✓ Special designs possible
- ✓ Gauge 50 mm
- ✓ Sturdy construction
- ✓ Galvanised
