## Drip hose winders available in 1-row to 6-row versions:

Our drip hose winders are available in 1-row to 6-row versions. The frame is robustly constructed.

The reel holders are equipped with a brake.

The hose winder has adjustable dip tubes and the width is infinitely adjustable.

All kinds of special designs are possible ( see images ).

A CAD drawing is created beforehand for each custom-made product. The drip hose winders are powder-coated and partially galvanised.

\*Production-related tolerances are possible in the specified data, weights and dimensions. No legally binding assurances of specific properties can be derived from this information. Errors and omissions excepted.

 Made in Germany

### Suitable for the following crops:

Vegetables    Fruit    Asparagus
