

Article number: 1010.02

-  Weight*: approx. 27.5 kg
-  Dimensions*: 1020 x 630 x 1010 mm (b x h x w)
-  Wheel diameter*: 260 mm

The Wiesel IV fruit picking cart was developed mainly for fruit harvesting, but is still versatile in use. With this cart, even harvesting extremely elevated crops becomes child's play. Two boxes can be placed on each tier of the fruit picking cart side by side and stacked 3 to 4-high without slipping.

An additional option available is a 4-step ladder which can be combined with Wiesel IV and features an extra attachable basket. Thanks to its large, puncture-proof wheels with roller bearings, it provides excellent weight balance. The durable weather-protected surface contributes to the longevity of the material. Galvanised version.

*Production-related tolerances are possible in the specified data, weights and dimensions. No legally binding assurances of specific properties can be derived from this information. Errors and omissions excepted.

Suitable for the following crops::

Apples Plums Peaches Bush vegetables

 **Made in Germany**

Highlights

- ✓ User-friendly
- ✓ Fitting box sizes:
e.g.: 600 x 400 mm, 400 x 300 mm
- ✓ Puncture-proof tyres
- ✓ Provides staff economy and efficiency
- ✓ Sturdy square tube construction
- ✓ Galvanised
- ✓ Two storage tiers for different box sizes
