DELPHIN II – 200 FRONT BUCKET HOLDER

The Delphin II-200 is a model from our Delphin series and is characterised by its lightweight yet sturdy round-tube construction, making it the ideal picking trolley for strawberry harvesting. It features easily accessible handles and allows two boxes to be stacked safely on top of one another. Excellent weight distribution is ensured by the wheels with roller bearings. The Delphin II-200 picking trolley is suitable for both strawberry harvesting and other crops and features a bucket holder at the front. The weather-resistant galvanised finish contributes to the material's durability.

ARTICLE-NUMBER 1002.02

weight*: ca. 5,0 kg
dim.*: 960 x 420 x 430 mm (B x T x H)
wheel-dia.*: 200 mm
