1014.33 MULI II PAGINA 5ER GALVANISED HAND TROLLEY

METASA
CURVE. PRECISION. MASTERY.

The Muli II Pagina transport trolley is guided on two wheels, making it the ideal picking trolley for strawberry and asparagus harvesting. This robustly built transport trolley is fitted with easily accessible handles and is available with both straight and side handles to ensure optimum manoeuvrability between the rows during harvesting. The balanced centre of gravity is achieved by the large wheels with roller bearings. The track width can be individually adjusted to suit your crops, with the standard track width being 1,000 mm. The surface's durable weather protection ensures a long service life for the material.
