

The Delphin Star Marathon is a ride-on picking trolley designed for strawberry harvesting. It has a track width of 1000 mm and a seat height of approx. 350 mm. The swivel seat allows for longer and more comfortable working sessions. On the front loading platform, two boxes can be stacked side by side with a double anti-slip mechanism; they can also be mounted on the sides. A customisable waste bin and a hinged sunshade enhance working comfort. This makes the Delphin Star Marathon the ideal tool for harvesting ground crops. The surface's durable weather protection ensures a long service life. Galvanised finish.

- + TYRES: PNEUMATIC TYRES
- + BOX DIMENSIONS: 2 X 600 X 400 MM
- + SEAT HEIGHT 450 MM
- + FOLDING PARASOL
- + TRACK GAUGE 1000 MM
