

The Delphin Alto I is the first model in the Delphin series. Its sturdy square tube construction makes it the ideal picking trolley for strawberries and other bush berries. It has easily accessible handles and offers space for 3–4 boxes, which can be stacked securely on two levels. The top edge of the upper basket is 915 mm high. Large, puncture-proof wheels with roller bearings ensure optimal weight distribution. The picking trolley is suitable for greenhouses, tunnels, or racking systems. The galvanized, weather-resistant surface guarantees a long service life.

#### ARTICLE-NUMBER: 1036

weight\*: ca. 20,5 kg  
 dim.\*: 1275 x 530 x 1045 mm (B x T x H)  
 wheel dia.\*: 260 mm
