

The **Wickel Star I** film winder is the first model from Metasa and stands out from conventional film winders thanks to its particularly intuitive operation. It eliminates known functional errors and cumbersome handling, ensuring a smooth workflow. The device primarily serves as a roll-off system. The arms are infinitely adjustable and can accommodate roll tubes up to 2150 mm in length. Particularly noteworthy is the external hydraulic roll-off brake, which enables simple and precise control. Thanks to the special bearing arrangement, the tubes run smoothly and vibration-free, preventing rattling noises. Overall, the Wickel Star I works reliably and significantly optimises the film laying process.

ARTICLE-NUMBER 1401.01

weight*: ca. 455 kg

Dim.* : 2500 x 1450 x 1550 mm (BxTxH)

- + UNWINDING WITH HYDRAULIC BRAKE
- + POWDER-COATED AND GALVANISED DESIGN
- + HYDRAULIC PIPE DRIVE WITH OPERATION FROM THE TRACTOR

SUITABLE FOR THE FOLLOWING CROPS

Strawberries

Vegetables

Asparagus

ART.-NR. ZUSATZARTIKEL

1039	winding tube Ø 88,9 mm x 1600 mm
1045	Film reel complete 1200 mm, winding tube 1750 mm
1045.01	winding tube Ø 88,9 mm x 1750 mm
1045.03	Split reel plate 800 mm
1045.04	Split reel plate 1000 mm
1402.02	coiling device
